Chart 6 - Number of Registrants in Non-Practising Class By Type of Registration Held

This is a stacked bar chart showing the number of registrants in the Non-Practising Class on January 1 for each of the last five years.

The horizontal axis shows the month and year. The vertical axis shows the number of registrants.

Each month has four coloured bars stacked on top of each other. The coloured bars represent the type of registrations held by the registrants:

- The first (bottom) bar represents registrants who hold RN Non-Practising Class registration only

- The second (middle) bar represents registrants who hold RPN Non-Practising Class registration only

- The third (top) bar represents registrants who hold Dual RN and RPN Non-Practising Class registration

There is a label above each set of stacked bars showing the total number of registrants in that month.

The data plotted in the chart is as follows:
